### Software Developer

#### ABOUT ME

Software Developer with experience in creating robust and scalable applications using modern and cutting-edge tools, and secure web software deployment. Focused on offering creative solutions to technical problems, I enjoy collaborating in teams to develop intuitive software that meets end-user needs. My portfolio demonstrates projects ranging from .NET to Astro, including C# desktop developments and API consumption.

#### WORK EXPERIENCE

##### GRUPO ABG

**Jr. Developer and IT Support - San Luis Potosí, México**  
(01/18/2021 – 05/07/2023 and 01/19/2024 – 23/01/2026)

Developed a custom payroll control system in C# with modules for report generation using Crystal Reports. Managed various databases, including SQL Server, PhpMyAdmin, and Access. Maintained servers ranging from Windows Server 2003 to 2022, and managed various network services. Implemented network security using FortiClient and performed structured cabling installation. Provided internal user support and performed preventive and corrective maintenance on computer equipment.

##### REYNOSO INTERNACIONAL SYSTEM

**Development Coordinator - San Luis Potosí, México**  
(05/21/2023 – 01/15/2024)

Developed inventory software for inbound and outbound shipments (receipts and dispatches). Coordinated the activities of Jr. Developers, successfully reducing project delivery time from 7 to 6 months.

##### CODGO

**IT Intern (Social Service) - San Luis Potosí, México**  
(01/31/2019 – 07/31/2019)

Performed network maintenance and corrective and preventive maintenance on computer equipment.

##### PAPELERÍA "OIE-ME IMPRIMES"

**Owner / Proprietor - San Luis Potosí, México** (03/20/2017 – 01/15/2020)

Responsible for the administration of the stationery's resources and the management of the personnel under my charge.

#### EDUCATION

**Universidad Autónoma de San Luis Potosí**  
**Faculty of Engineering**  
**B.S. in Computer Science Engineering**  
*Completed Academic Requirements*
